Bernard J. Matkowsky

Publications

107. Distribution of the maximum buffer content during a busy period for state dependent
M/G/1 queues, Stochastic Models 3 (1987), pp. 191-226 (with C. Knessl, Z. Schuss,
C. Tier).

108. Fronts, relaxation oscillations and period doubling in solid fuel combustion, J. Com-

109. A variational approach to nonlinear singularly perturbed boundary value problems,

110. An M/G/1 queue with Markov modulated arrival rates and service time densities I:
355-374 (with C. Knessl, Z. Schuss, C. Tier).

111. An M/G/1 queue with Markov modulated arrival rates and service time densities II:
Busy period and time for buffer overflow, Queueing Systems: Theory and Applica-

112. Busy period distribution in state-dependent queues, Queueing Systems: Theory and

113. Two Parallel M/G/1 Queues Where Arrivals Join the System With the Smaller
Buffer Content, IEEE Trans. on Communications COM-35 (1987), pp. 1153-1158
(with C. Knessl, C. Tier, Z. Schuss).

114. Adaptive pseudo-spectral computation of cellular flames stabilized by a point source,

(with M.M. Klosek-Dygas, Z. Schuss).

117. Does reaction rate curvature play a role in the diffusion theory of multidimensional
Z. Schuss).

118. A first passage time approach to stochastic stability of nonlinear oscillators, Physics

119. New modes of quasi-periodic combustion near a degenerate Hopf bifurcation point,

D. J. Benney, S. H. Shu and C. Yuan, 1988 (with A. Bayliss, M. Minkoff).

121. Uniform asymptotic expansions in dynamical systems driven by colored noise, Phys.

221. Critical Phenomena in "Liquid Flame” Propagation, pp. 156-158 in Proc. XII Symposium on Combustion and Explosion, Chernogolovka, Russia, Sept. 2000, (in Russian, with K.G. Shkadinsky, G.V. Shkadinskaya)

256. *Singular Perturbations in Noisy Dynamical Systems*, European Journal of Applied Mathematics 29(4) (2018), 570-593, published online 1/31/2018

258. *A Boundary Layer Approach to the Whispering Gallery Phenomenon*, Quarterly of Applied Mathematics 77(3) (2019), 545-551, published online 8/2/2018
